ALS Construction & Renovation, Inc. is a Pacific Grove-based general contractor providing comprehensive construction, renovation, & specialized trade services for commercial and institutional facilities. While incorporated in 2021, our foundation is built on over two decades of proven industry expertise, operating under a Class B General Building Contractor license since 2004. We are equipped to manage complex project lifestyles, ranging from site preparation & structural concrete to full scale modernization & smart building integration.

Furthermore, ALS Construction brings elite, specialized expertise to turn-key commercial restaurant buildouts. We expertly navigate rigorous health, safety, & operational standards, offering deep proficiency in advanced HVAC ventilation, kitchen exhaust systems, & makeup air balancing. From strictly adhering to NFPA 96 & Title 24 fire codes to integrating UL 300 fire suppression systems, we handle the complexities of multi-trade coordination to deliver seamless infrastructure upgrades with minimal operational disruption. Call us today to discuss your next project.

Core Competencies

- General Contracting & Commercial Construction
- Turn-key Restaurant & Kitchen Renovations
- Advanced HVAC, Make-up Air & Exhaust
- Structural Concrete & Site Preparation
- Facility Renovations & Modernization
- Electrical & Plumbing System Upgrades
- Smart Building & Technology Integration
